

Provider News and Updates

LTC Carve-In Educational Webinars

August 30, 2022

Dear Network Providers,

DHCS will be hosting a series of LTC Carve-In educational webinars to support LTC Carve-In readiness for MCPs and SNFs/providers in the fall. The first webinar will be the CalAIM LTC 101 for MCPs, taking place on 9/22/22 at 10am during the MCPC meeting, which will provide a high-level overview of the LTC Carve-In requirements and an opportunity to discuss how MCPs may prepare for the transition. Additional information and materials will be provided to MCPs prior to the webinar. The SNF LTC Carve-In webinars will continue through February 2023 and are intended to provide MCPs and SNFs an understanding of the SNF LTC Carve-In policy in order to operationalize the transition to managed care, including the scope of services. Topics will include a Managed Care 101 for SNFs, Promising Practices for Contracting, LTC Billing and Payment Rules, Best Practices for Care Transitions, and Best Practices for Care Management. Additional information is forthcoming.

Title: MLTSS & Duals Integration Stakeholder Workgroup

Date: September 22, 2022

Time: 10 a.m.
